

Spin-To-Win is a progressive jackpot system featuring two Mega Money wheels streamed live from our studio. When the jackpot is triggered, the stream automatically transitions to the Stakelogic Live Studio, where players can instantly win cash prizes or advance to a second wheel for even bigger jackpot opportunities.

When players enter the feature, the wheel spins, awarding either a fixed prize between €50 and €1,000 or entry to the jackpot wheel. If a fixed prize is awarded, the prize is paid immediately, and players exit the studio.

If the initial wheel lands on 'JACKPOT', players advance to the second wheel, consisting of 54 sectors. Spinning this wheel can lead to winning one of three progressive jackpots—Mini, Major, or Grand—after which the prize is paid, and the session ends.

Mini: €1,000
Major: €5,000
Grand: €100,000

The jackpots increase as more players participate, building excitement and engagement!
